

# herlitz SoftLight+ GREENline

the light, sustainable schoolbag

The herlitz SoftLight GREENline is a sustainable schoolbag certified by the GRS and is aimed at supporting the environment. It also impresses with its ergonomics and flexibility. Thanks to the IGR-certified back system, the herlitz SoftLight always adapts to the changing size of the child.

The outer fabric contains 68 % GRS certified recycled polyester. Certified by Control Union CU 1108351

Volume approx. 18 liters  
Measurements  
38 x 28 x 23 cm  
Weight approx. 800 g

# herlitz FiloActive+

the stable and lightweight schoolbag with an adjustable back system according to DIN 58124

The FiloActive DIN which was developed according to the DIN 58124 makes no compromises in regards to safety. A mix of fluorescent and reflective surfaces guarantees a maximum of visibility at dusk and dawn. The ergonomically shaped, breathable back padding is individually adjustable. The removable chest- and hip-belts grant full flexibility. Furthermore, the FiloActive DIN is locked by a high-quality Fidlock magnetic lock. Certified by the IGR – German Institute for Health and Ergonomics.

Volume approx. 19 liters  
Measurements  
38 x 32 x 22 cm  
Weight approx. 1.250 g

# herlitz UltraLight+

the ultra-light school bag with interchangeable applications

The herlitz UltraLight is characterized by its low weight of less than 750 g and its soft body with drawstring closure. Its ergonomically shaped, breathable back padding offers optimal flexibility, comfort and care due to adjustable, neck-friendly shoulder straps and a height-adjustable chest strap.

Volume approx. 16 liters  
Measurements  
36 x 28 x 21 cm  
Weight under 750 g

# herlitz Loop+

the classic school bag with an extensive selection of motifs

The herlitz Loop is characterized by its low weight of less than 1 kg. It has a main compartment with an inner book division, two side pockets with elastic bands and a large front pocket with zipper closure. This particularly light model impresses with an ergonomically shaped, breathable back padding, adjustable, neck-friendly shoulder straps and a height-adjustable chest strap that ensures flexibility and a high level of comfort.

Volume approx. 17 liters  
Measurements  
37 x 31 x 22 cm  
Weight approx. 900 g

# herlitz SoftLight+

the light school backpack with interchangeable applications for extra fun

With its ergonomically designed, breathable back padding (Airflow-system), a removable hip belt and adjustable shoulder- and chest straps, the schoolbag offers a comfortable fit, high flexibility and large customization options.

Certified by IGR - Institute for Health and Ergonomics.

Certified by IGR - Institute for Health and Ergonomics.

Volume approx. 19 liters  
Measurements  
38 x 32 x 22 cm  
Weight approx. 950 g

## Sustainability

We know that creating products for children comes with great responsibility. That's why we work consciously towards our goal of providing environmentally friendly textile products. We consciously make our contribution to the environment.

## Ergonomics

All herlitz back paddings are ergonomically shaped and breathable. Adjustable shoulder straps allow for individual customization. The height-adjustable chest strap keeps the shoulder straps in the right position. Selected models also have a back system with height-adjustment that grows with the child. For our ergonomic back systems, we were awarded the Innovation Award for Ergonomics by the German Institute for Health and Ergonomics for the second year running.

## Quality

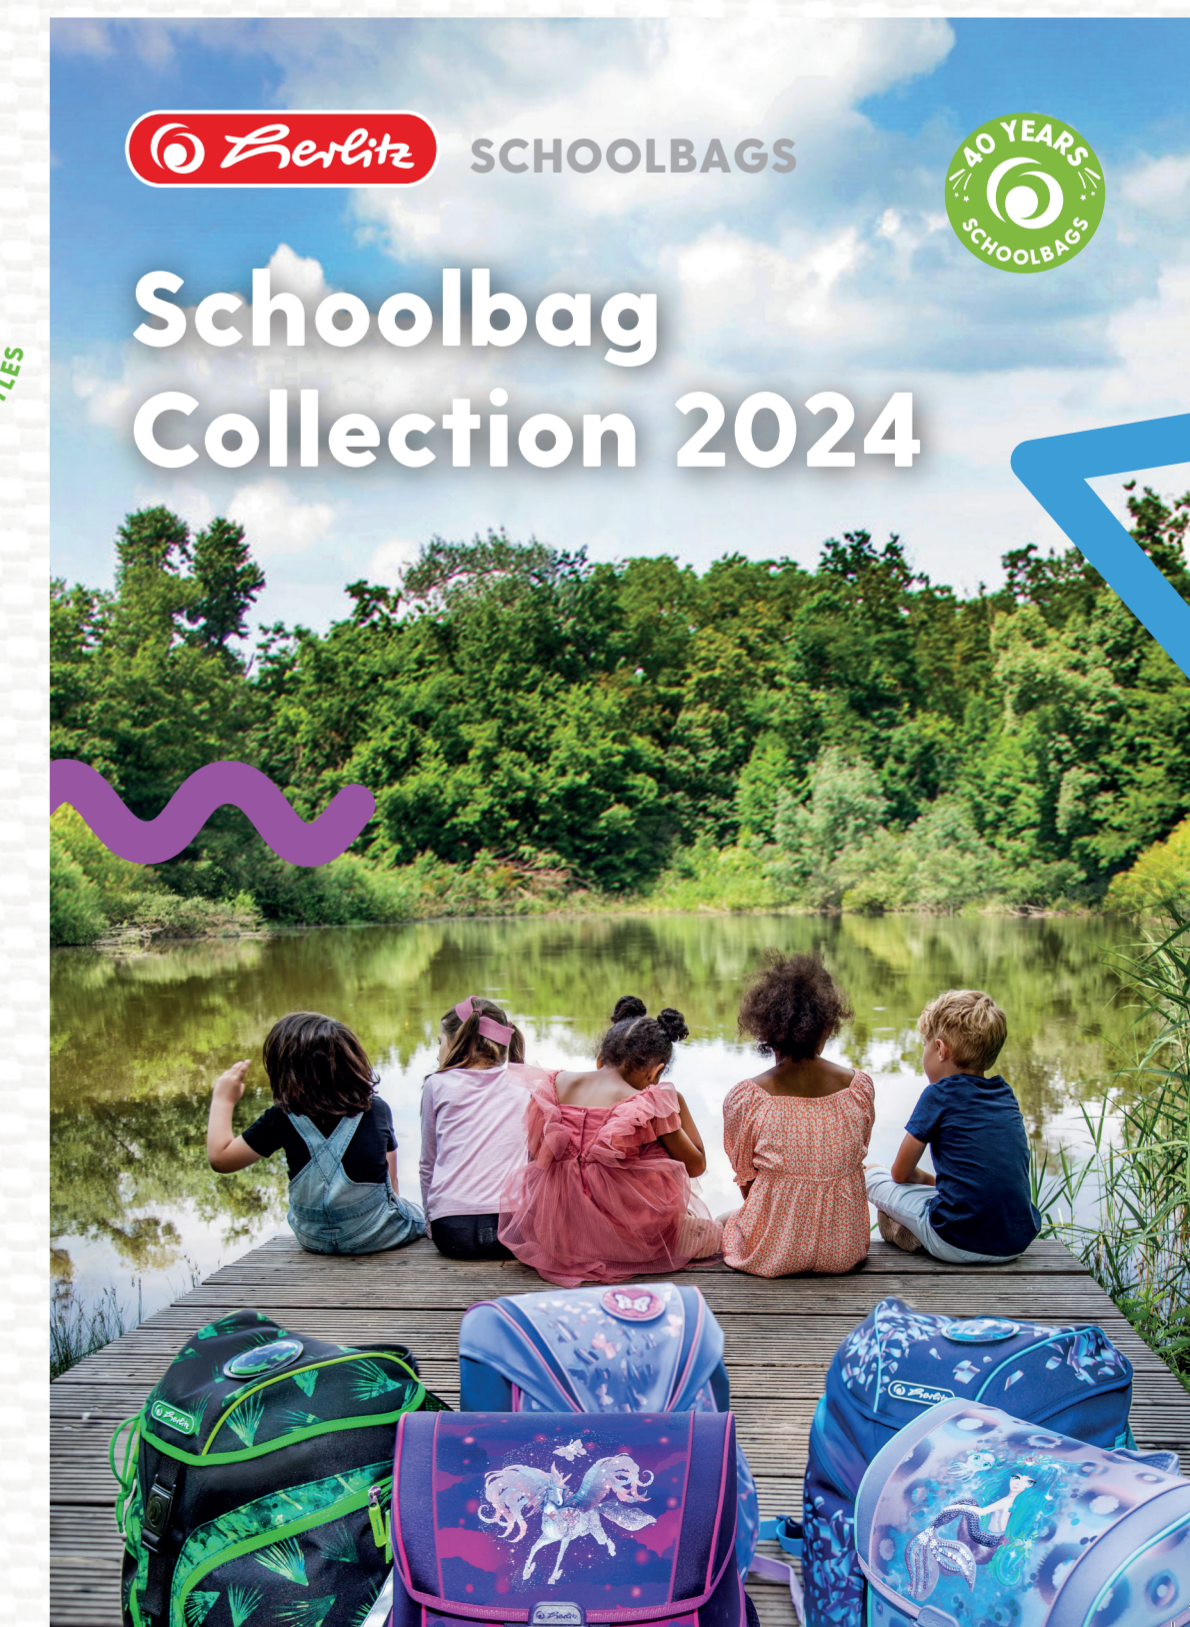

We made it our mission to produce safe, high-quality, durable schoolbags. Our schoolbags are regularly subjected to various stress tests and checked according to the strictest criteria. That is why we offer a 2-year warranty on all herlitz schoolbags.
