

PRACTISE 1: FOLLOW STRAIGHT LINES

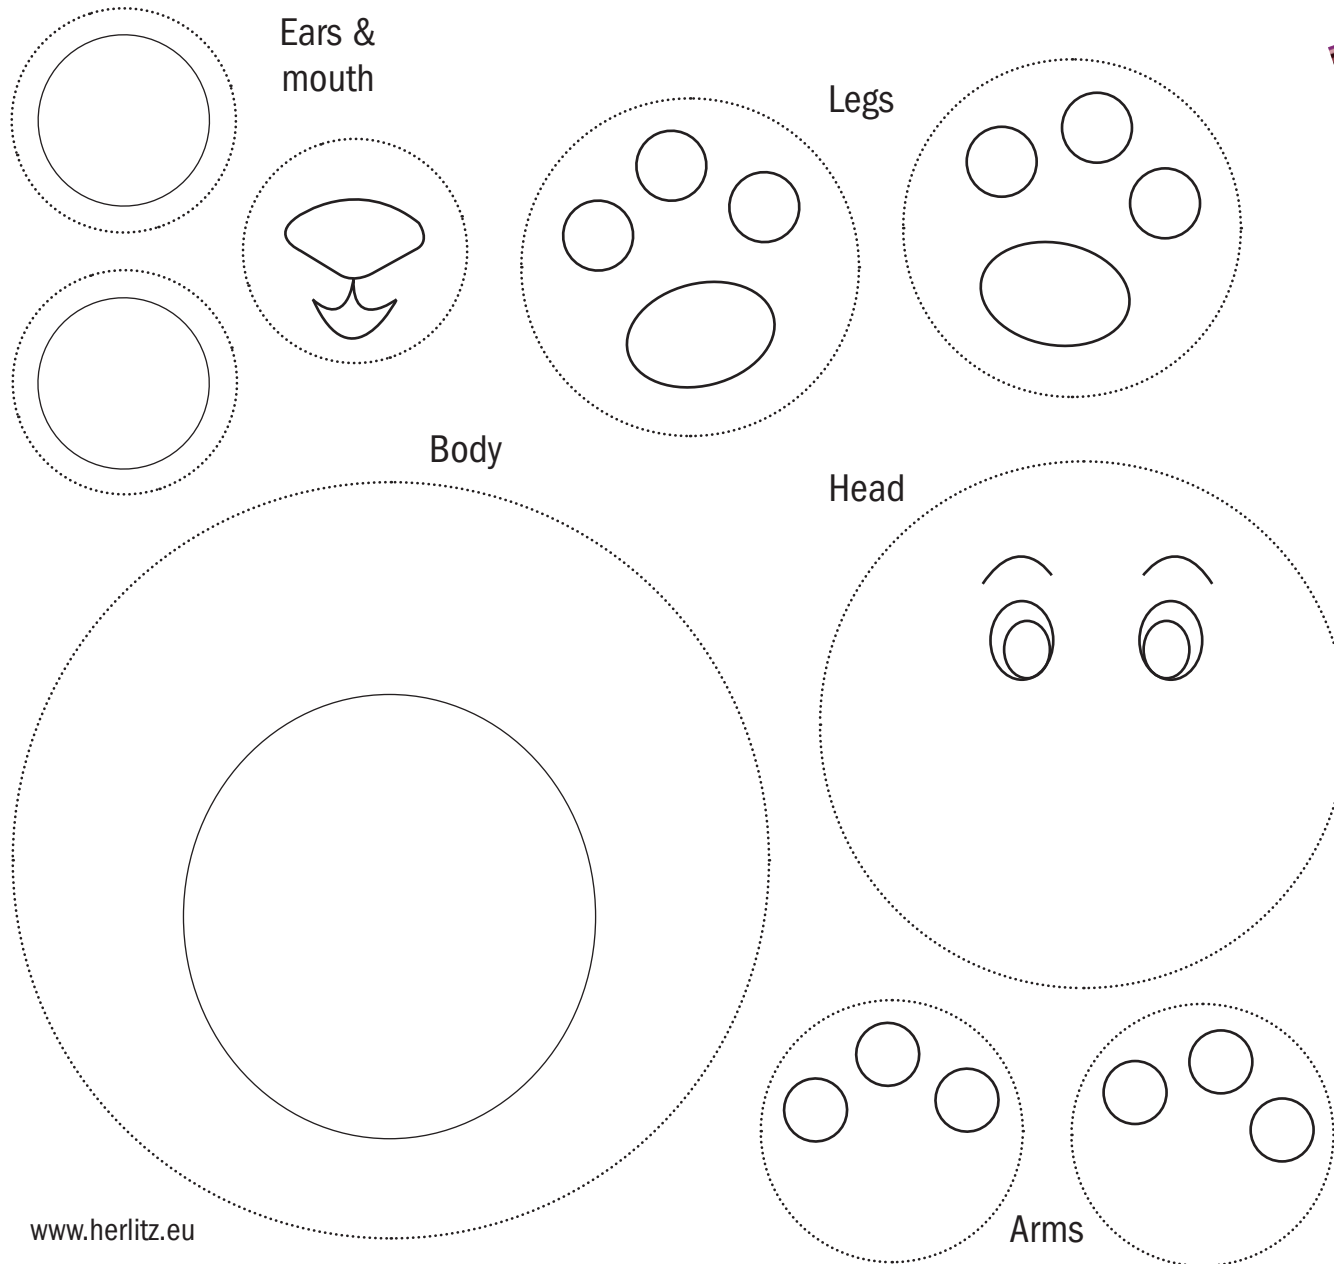

Discover our new colour variety for our design craft scissors with nice motifs like Comic or Dots.

PRACTISE 2: FOLLOW ZIG-ZAG LINES

Our design craft scissors are available in two sizes, for younger children those with rounded and shorter blades. For older children those with larger and pointed blades.

PRACTISE 3: FOLLOW LINES AND CUT OUT THE DOTTED CIRCLES TO GET YOUR TEDDY

To get to your teddy you only have to glue the circles together and colour your teddy as you like. For that we recommend our TRILINO coloured pencils with triangular shape and bright colours.

Have fun!
