Pelikan griffix® Wooden Coloured pencils

Colouring fun with bright colours

Painting is not only a creative form of expression, but also an important step on the way to writing. The sought-after griffix brushes and griffix wax crayons now have big brothers: the griffix coloured pencils. With their long, **symmetrical, triangular handle shape**, similar to the griffix brushes, and the shortened length, they are similar to griffix wooden graphite pencils and do fit **perfectly small kids hands**.
