SPECIAL EDITION
Souverän® 600 Red-White

Whether customers are searching for an extraordinary gift idea for a special person or seeking to indulge themselves, the Special Edition Souverän 600 Red-White is the perfect choice.

The lustrous white parts are meticulously crafted from high-quality resin, exquisitely turned and polished to achieve an irresistible sheen. The barrel, adorned with alternating red and white stripes, is meticulously fashioned from cellulose acetate, ensuring exceptional durability and beauty. To add a touch of opulence, all rings and the iconic Pelikan clip are elegantly plated with 24-carat gold.

The Souverän 600 Red-White is available in two writing modes. The fountain pen, featuring a piston mechanism, boasts a 14-carat bi-color gold nib with rhodium trim and is available in four nib widths to choose from (EF, F, M, and B). For those who prefer the practicality of a ballpoint pen, the matching model is equipped with a convenient twist mechanism, offering effortless functionality and elegance.

To enhance the gifting experience, the Souverän 600 Red-White comes beautifully encased in a specially designed gift box, reflecting the elegance and sophistication of this exceptional series. The Souverän 600 Red-White will be available in limited stocks starting from October 2023.
