Pelikan

PURA®

Understated elegance in trendy colors

PURA® is a clear and straight designed series of metal writing devices made from double anodized Aluminum. The balanced combination of matte colors and shiny silver surfaces underlines the noble character of this writing instrument, giving it a subtle, elegant silhouette.

Following the latest trends, the high-quality Pura collection is now being updated. The color „Purple“ replace „Bordeaux“ and „Mocha“.

The clip is a modern interpretation of the Pelikan beak. Its lines are continued on the barrel and give the Pura its distinctive look.

Our color range

**NEW,
available
up from
1.10.**

Limited Edition

To celebrate the 15th anniversary of the Pura, a limited special edition is being produced in the trendy color turquoise. The special highlight is the futuristic decor. The quantity is limited – only while stocks last. The noble special edition is available in all 3 versions: Fountain pen, ballpoint pen and rollerball.
