SPECIAL EDITION

Souverän® 605 Tortoiseshell-Black

Extremely aesthetic and elegant: this is how the attractive Special Edition Souverän 605 Tortoiseshell-Black presents itself. The distinctive series, consisting of a piston fountain pen and a ballpoint pen with twist mechanism, captivates with its appealing and individual play of colors with black and white nuances that make each writing instrument truly unique.

The striking writing instruments are given a special shine by the characteristic double rings and the beak clip typical for Pelikan. The fountain pen also has a 14-carat gold nib, which is completely refined with rhodium, giving it its silver appearance. It ensures a particularly pleasant and soft writing experience. The piston fountain pen is optionally available in the nib widths EF, F, M or B. The ballpoint pen is equipped with a high-quality twist mechanism.

The writing instruments will be available from end of May. All models in the Souverän 605 Tortoiseshell-Black series are supplied in a practical folding box. High-quality gift boxes can be ordered separately on request. As a matching ink color, we recommend the Edelstein Ink Tanzanite.

Edelstein® Ink Tanzanite

SPECIAL EDITION
