

SCHOOLBAGS

Collection 2024

More+
than a
schoolbag

schoolbags.herlitz.eu/en

More than a schoolbag

it's my dream, my herlitz!

Easy for children and colorful! For 40 years, schoolbags from herlitz have been making children's dreams come true. Whether sparkling butterflies that change their color through reversible sequins, hungry sharks that show their shark teeth, magical flying unicorns that glitter in the sky, a mystical mermaid experiencing underwater adventures with her best jellyfish friend or wild panthers on the prowl - at herlitz, imagination and children's dreams know no bounds.

Quality

Product quality and safety have the highest priority at herlitz to ensure a long life of our products. All herlitz schoolbags meet the highest quality and manufacturing standards. Our models are subject to various stress tests and tested by strict criteria. Therefore, we offer a 2-year warranty on all herlitz schoolbags.

A water repellent impregnation of the outer fabric, as well as durable, reinforced bottom plates protect herlitz schoolbags reliably against moisture or dirt and ensure a long durability of the schoolbags.

- High-quality materials
- Quality tested
- Low dead weight
- Water repellent impregnation
- Reinforced bottom plate

Safety

High quality reflective material ensures a high level of visibility in the dark. Most locks are also provided with an extra reflector and some models offer reflective thread.

Ergonomics

This year, Pelikan once again convinced the eight-member IGR jury with its ergonomic quality products. Out of a total of 72 applicants, only 24 were awarded the coveted Ergonomics Innovation Award 2023. Particularly worthy of mention in this context are the herlitz "FiloLight", "SoftLight" and "SoftLight GREENline" schoolbags as sustainable variants made from almost 70 percent recycled polyester. In addition to their low weight of less than one kilogram and their functional shape, they are particularly appealing due to their certified back system, which constantly adapts to the back of the growing child. Together with the ergonomically shaped and breathable "AirFlow" back padding as well as the adjustable shoulder straps and the removable hip belt, the herlitz "FiloLight" and "SoftLight" always fit perfectly.

- Ergonomically shaped back padding with breathable material
- Adjustable shoulder straps
- Chest strap for optimised weight distribution

- Reflective material on front, sides and shoulder straps
- Additional reflector in the lock

Two years warranty under normal usage conditions. For more information visit www.herlitz.eu/schoolbags/warranty

herlitz – Excellent Quality

We have reason to celebrate: 40 years of experience,
40 years of colorful schoolbags!

GRS (=Global Recycled Standard)

Products certified by the Global Recycled Standard (GRS) contain recycled material that has been (independently) verified at each stage of the supply chain, from the recycler to the final product. In addition, certified organizations have met social, environmental, and chemical requirements (at each stage of the supply chain).

Rain Cover

The water-repellent material keeps the schoolbag dry and protects it from rain or snow. But the herlitz rain cover is not only useful on rainy days: the fluorescent material in a bright yellow offers a high level of visibility during the day and at twilight. Additional reflective material ensures good visibility even at night.

Due to the integrated pocket, the herlitz rain cover can be packed small and is easy to carry around.

- Water-repellent material
- Fluorescent material in bright signal colour
- Reflective material
- Volume: approx. 32 litres
