HERLITZ Q.FILE OF THE YEAR 2019

„The urban future has to be green” – the Q.file of the Year 2019 follows that trend, “so fresh and so green” on the file folder shelf.

COOL GREEN

- A major trend in interior design is the lack of contact with nature in a population that lives an increasingly urban and digital life.
- To transform your office and adapt the space to the fashionable “greenery style”, you need our new herlitz Q.file protect lever arch file in neon green.
- The colour green, in all its shades and facets, plays a leading role in that trend, thanks to its relaxing effect on the viewer.
