INK COLLECTION
INK OF THE YEAR 2024
GOLDEN LAPIS

Edelstein® Ink Collection Ink of the Year 2024 – Golden Lapis

An enchanting color combination of a vibrant blue tone refined with a golden shimmer.

The Golden Lapis gemstone was once considered a jewel for kings and was associated with strength, wisdom and protection from negative influences. To this day, golden lapis is also a symbol of inner peace and emotional balance. This balance of a powerful and calming color effect gives the handwriting a special expressiveness.

The golden shimmering elements in the ink flow randomly, giving the writing ever-changing expressions of color. Powerful arguments to inspire your customers with the new Edelstein® Ink of the year 2024!

The Edelstein® Ink of the Year 2024 - Golden Lapis will be available on the market from March 2024.

Shake well
before use!

Golden Lapis

After writing with the fountain pen the ink feeder will be glad to receive an extra care by cleaning it carefully with water.
